Make dragon eggs in the Arts Division

Make a dragon egg with Melissa Manczuk, daily from 1-3 pm near the dragon Airigami. All ages welcome, two separate crafts for adults and children. 1st floor. 482-8380

Link Level

Play Dungeons & Dragons in the Technology Center

Thursday, April 7—Workshop 12pm

Saturday, April 9—Gaming session 12-5pm

Participate in an introduction to Dungeons & Dragons. Interact with experienced players who enjoy playing at the Central Library. If you are new to D&D or want to begin learning more about the rules of the game, players will walk you some of the introductory concepts and provide more information on how to learn and get into the hobby. Interested folks can return on Saturday to actually play and learn more.

Unlike a game of make-believe, D&D gives structure to the stories—a way of determining the consequences of the adventurers' actions. Players roll dice to determine whether their attacks hit or miss and whether their characters can scale a cliff, roll away from the strike of a magical lightning bolt, or pull off some other dangerous task. Technology Center, Link level. 428-8460

Bausch & Lomb Public Library Building

The Reynolds Media Center

Stop by and check out the display of dragon-themed materials you can borrow. Also we will be showing "How to Train Your Dragon" and "Dragonheart" on the monitor in the Reynolds Media Center. 1st floor. 428-8360

"Dragon's World: Fantasy Made Real"

Kate Gleason Auditorium

Wednesday, April 7 starting at 6pm

Movie summary: What if the dragons were real? With CGI special effects this landmark exploration takes an in-depth look at this beast of myth and fable. 1st floor. 428-8360

Create your own dragon in the Children's Center

Stop by the Children's Center and discover dragons from different cultures. Supplies will be available to create your own dragon. Available daily. 2nd floor. 428-8150
