STILL/LIFE

by Kenna Malone & JJ Hughes

Kenna Malone and JJ Hughes have come together to contextualize knowledge visually.

Kenna creates collages inspired by recognizable classical art and natural landscapes. Kenna's work represents fragmentation and reinterpretation.

JJ creates beaded portraits that highlight the nostalgia in mundane objects. JJ's work represents labor and tactility.

As a collection they hope to create a conversation about value in art and everyday life.

on display October 1–December 31, 2026
