

# Central Library of Rochester & Monroe County Zine Collection

If you're a Rochester resident: We want your self-published zines for the Library's Zine Collection! Whether you're new to the medium, established zinester, or somewhere in between, submit a copy of your work to the Library.

## We're especially interested in zines that:

- Are regionally based and reflect our community
- Inspire readers to re-examine and learn from underserved voices
- Cover the arts, music, comics, politics, gender issues and advocacy.

Important to note: The Library's Zine Collection is fully searchable in the library catalog. Not only that: Materials in the Zine Collection can be placed on hold and transferred to other libraries within Monroe County

**Where Is the Collection Housed?** In the Arts & Literature Division of the Central Library of Rochester & Monroe County

## How to Donate

You can donate anytime in person or by mail. Please print and complete the information below to submit with a printed copy of your work to:

**The Central Library Arts & Literature Division**  
**115 South Ave.**  
**Rochester, NY 14604**

Electronic Submission can be completed using our **Electronic Submission Form**

Electronic submissions of Zines MUST be submitted in Adobe EPUB, Open EPUB, Adobe PDF, MP3 (Audiobook), or MP4 (video) format

Subject(s) \_\_\_\_\_

There's no deadline to submit: We're always accepting new zines to the collection at the Library.

We accept zines of different shapes, sizes and formats. Whether hand drawn or handwritten, photocopied and stapled, or professionally printed: we want to see it all!

***The signed entry form implies agreement with all conditions, and other regulations, including the right of the Rochester Public Library to digitize works to the Monroe County Library System's Overdrive collection for digital circulation, photograph and display any accepted materials for archival or promotional use, including public/social media sites. Works are submitted voluntarily without remuneration and are not to be used for commercial gain by third parties. Copyright remains with the author.***
